Official launch of Norman K.'s new office in Luxembourg's financial centre

Norman K., an independent wealth management platform dedicated to international entrepreneurs and prominent families, officially inaugurated its new office in Luxembourg on 4 March 2026.

The inauguration evening, held at Tero House 17 Luxembourg, marked an important milestone for the Norman K Group, which was delighted to welcome more than one hundred professionals from Luxembourg's financial centre to this exceptional venue. Their presence reflects the energy, confidence and collective momentum that drive our ecosystem.

"This strong attendance confirms the resonance of the values we uphold and the strength of the relationships we are building with our partners in Luxembourg," said Nicolas L'Hermite, CEO of Norman K.'s Luxembourg subsidiary. The Group had already maintained close ties for many years with the Luxembourg ecosystem, particularly within the banking and insurance sectors, making this new establishment a natural and strategic step forward.

With more than €10 billion in assets under supervision and a team of over sixty dedicated professionals across Europe, the Norman K Group is further strengthening its mission: to offer a high-performing, innovative platform firmly focused on the needs of family shareholders, family holding companies and institutional investors.

This mission is structured around four complementary verticals, developed and operated in-house: asset management, financing, Corporate Advisory, and Family Office solutions. Its presence in the Luxembourg capital will also enable the Group to accelerate its growth through external acquisitions.

Norman K.'s integrated platform structure allows the Group to continuously enhance the solutions offered to its clients, while attracting recognised and experienced talent.

About Norman K. :

Norman K. positions itself as an independent wealth management player, operating in open architecture in collaboration with leading institutions in France and internationally. Founded in 2021, the firm is now present in several major cities, including Paris, Nice, London and Geneva.

The NK platform offers a 360-degree approach, designing for its clients—international entrepreneurs and large families—tailor-made internal solutions delivered by a dedicated team of experts, carefully selected for their specialised skills in corporate advisory, real estate, portfolio management, private equity, financing and wealth

structuring, as well as in related areas mobilised according to specific needs. Norman K.'s mission is to provide an optimal, unique and fully personalised solution to a demanding clientele.
